## EN SHAMPOO PUPPY

With ecological aloe vera, oat extract and provitamins B5, it cares for and protects skin and coat, giving them strength and shine.

### INSTRUCTIONS FOR USE

- ① Wet the fur with plenty of lukewarm water.
- ② Apply the shampoo starting with the paws, back and neck.
- ③ Massage energetically until obtaining abundant and creamy foam.
- ④ Leave on for 1 or 2 minutes, rinse with plenty of water and dry with towel.
- ⑤ Finish drying with a hair dryer while brushing.

## ES CHAMPÚ CACHORROS

Con aloe vera ecológico, extracto de avena y provitaminas B5, cuida y protege la piel y el pelo, dándoles fuerza y brillo.

### MODO DE EMPLEO

- ① Humedecer el pelaje con abundante agua tibia.
- ② Aplicar el champú empezando por patas, lomo y cuello.
- ③ Masajear enérgicamente hasta conseguir abundante y cremosa espuma.
- ④ Dejar actuar 1 o 2 minutos, aclarar con abundante agua y secar con toalla.
- ⑤ Acabar con los restos de humedad con un secador mientras se cepilla.

## PT CHAMPÔ CACHORROS

Com aloé vera ecológico, extracto de aveia e provitaminas B5, cuida e protege a pele e o pêlo, dando-lhes força e brilho.

### INSTRUÇÕES DE UTILIZAÇÃO

- ① Molhar a pelagem com água morna abundante.
- ② Aplique o champô começando pelas pernas, costas e pescoço.
- ③ Massajar vigorosamente até obter uma espuma rica e cremosa.
- ④ Deixar atuar por 1 ou 2 minutos, enxaguar com água abundante e secar com uma toalha.
- ⑤ Eliminar vestígios de humidade com um secador enquanto escova.

## SUPPLEMENTS

At burbur we are developing a new line of supplements that bring multiple benefits to dogs and cats. They help to keep them healthy and enrich their diet.

We are launching burbur supplements with Pure Salmon Oil, a product that:

- Improves the palatability of the dry food and therefore increases the pet's interest in the food.
- Keeps skin and coat healthy and strong due to its high content of Omega 3 and Omega 6 fatty acids.
- Protects heart and joint health.
- Its content is 100% pure salmon oil, a natural product with no blends or additives.

Its daily use promotes the maintenance of a good health and improves the quality of life of dogs and cats.

## ¿Por qué nosotros?

The most practical professional line on the market

Highly concentrated products. Dilution from 1:5

Silicone-free, paraben-free, colorant-free line.

Better drying and rinsing time

Improves the coat's health, restoring its natural shine and nourishing it in depth.

Improved care with fewer knots and better hygiene.

Multifunctional products.

Dermatologically tested line. We take care of your pets' skin as well as yours.

100% recyclable and sustainable packaging, with 100% recycled plastic bottles from used bottles and "I am green 95% biobase" bottles.)

# All Breeds Shampoo

All Breeds Shampoo has intense cleansing properties, antioxidants, detoxify, neutralizes odors, and degreases deeply. It's ideal for daily use or as a first bath. This purifying and detoxifying shampoo removes only excess sebum and dirt, never the natural grease of the coat.

Atlantic seaweeds improve the suppleness and elasticity of skin, stimulate the renewal of damaged skin cells, and detoxify, cleanse and tone while being naturally moisturizing.

- Bamboo charcoal draws out impurities beneath the skin's surface. It pulls toxins, bacteria, oils, and dirt to the surface of the skin like a magnet.
- Jojoba oil moisturizes has antibacterial, antioxidant, and hypoallergenic properties, helps to control sebum production.

Thanks to this, the coat is prepared for a specific burburPRO shampoo or a conditioner.

INSTRUCTIONS FOR USE: highly concentrated product. Dilute it from 1:5 according to the coat type and breed. Apply the product on the wet coat, massaging until foam is created, and rinse with plenty of water.

# Hypoallergenic Shampoo

Hypoallergenic Shampoo has been developed for the most delicate skin, as well as for spa treatments, or ozone therapy in proportion 1:15-1:20, and indicated for all types of coats.

- Allantoin is a skin active ingredient that moisturizes, soothes, has anti-irritant properties, promotes the renewal of epidermal cells and accelerates wound healing.
- Asiatic acid has healing properties, and stimulates the formation of fibroblasts, cells that are able to repair damaged tissue. It also helps to keep the skin moist being ideal for dry skin. Promotes the production of collagen, essential for maintaining the skin and its firmness.
- Calendula has anti-inflammatory, antiseptic, antiviral, antifungal, and antibacterial properties.

INSTRUCTIONS FOR USE: highly concentrated product. Dilute it from 1:5 according to the coat type and breed. Apply the product on the wet coat, massaging until foam is created, and rinse with plenty of water.

# Texturizing Shampoo

Texturizing Shampoo provides volume and texture to the coats. Recommended also as a shampoo for hard hair and hand stripping.

With burburPRO texturizing shampoo, you will have a volumizing shampoo that helps create a complete and perfect layer for scissor work. It is enriched with selected natural ingredients to achieve the desired look without drying out the coat or skin. Its vegan formula with natural Capillary Polyplant and Aloe Vera nourishes the hair and gives it more body, shine, and vitality.

Aloe Vera has moisturizing, anti-inflammatory, repairing, and healing functions.

- Capillary Polyplant is a water-soluble extract. Hair care, anti-hair loss, anti-seborrhea, anti-dandruff.

White Nettle is rich in antioxidant compounds that give it anti-inflammatory properties, making white nettles a soothing ingredient.

INSTRUCTIONS FOR USE: highly concentrated product. Dilute it from 1:5 according to the coat type and breed. Apply the product on the wet coat, massaging until foam is created, and rinse with plenty of water.

# Moisturizing Shampoo

Moisturizing Shampoo is a true ally for a healthy, repaired, and easy-to-comb coat. It is specially formulated to wash dry and damaged hair, with natural ingredients to restore the coat's natural moisture balance and nourish hair without making it greasy. Thanks to its vegan formula, enriched with natural extracts, helps untangle knots, making the coat easy to brush.

- Betaine improves the hydration and health of the hair and skin.

- Mango extract repairs the hair fibers

- Coconut oil moisturizes has antimicrobial properties, provides protection against several parasites, and reduces inflammation of the skin.

- Olive oil prevents hair breakage, soothes itchy skin, minimizes frizz, adds shine to dull hair, promotes hair growth and thickness, minimizes hair loss, prevents split-ends.

- Hyaluronic acid hydrates the hair and skin, reduces frizziness, plumps the hair, revitalizes high porosity hair.

INSTRUCTIONS FOR USE: highly concentrated product. Dilute it from 1:5 according to the coat type and breed. Apply the product on the wet coat, massaging until foam is created, and rinse with plenty of water.

## Whitening Shampoo

Due to urine, dirt, and external factors, the coat of dogs can have a dirty and worn appearance. The impurities are particularly noticeable in dogs with white coats, and their fur usually has a yellowish or grayish hue. Whitening Shampoo is a color-enhancing shampoo that restores the natural white color, without harsh chemicals. Natural ingredients such as rosemary, lavender, or violet, revitalize bleached hair leaving it clean and radiant.

Proshine is a 100% plant-based ester with a high refractive index, which activates the intense shine of the hair fiber when interacting with its proteins. Ensure high shine performance and color enhancement to the hair.

Rosemary essential oil is known to promote healthy hair growth in the long run by improving micro-circulation on the skin. It is combined with lavender essential oil, prized for its anti-inflammatory properties, helping to balance the skin sebum and soothe the skin. Lavender and violet extracts can remove unwanted yellow and copper tones from white coat.

INSTRUCTIONS FOR USE: highly concentrated product. Dilute it from 1:5 according to the coat type and breed. Apply the product on the wet coat, massaging until foam is created, and rinse with plenty of water.

# Two-Phase Detangler

Two-Phase Detangler. If you are looking for an ally against endless knots and breaks, you need burburPRO two-phase detangler.

With its formula based on natural ingredients such as coconut oil or erythritol, it penetrates the knots to easily brush and condition it, protecting the coat and nourishing it to give it strength and vitality.

- Erythritol and Cetiol Ultimate give a light and velvety feel to hair.

- Coconut oil moisturizes, keeps dangerous microorganisms away from the skin due to its antimicrobial properties, provides protection against several parasites, reduces inflammation on the skin.

INSTRUCTIONS FOR USE: shake before using. Use before bathing, applying it directly to the affected areas, about 30-40cm. Leave it for 3 minutes. Since it is a very powerful product, use it progressively, so as not to overdo the application of the product, and brush until all the knots are eliminated. After application, wash with burburPRO All Breeds Shampoo to prepare the coat for proper treatment.

# Moisturizing Mask

Moisturizing Mask, it is a concentrated moisturizing mask for all types of breeds with damaged, dry or brittle coats. Can be used in order to give extra moisturizing, or weight in straight hair coats. Due to its way of use without rinsing, it is a great advantage in daily work, improving the speed of work and drying.

- Coconut oil moisturizes has antimicrobial properties, provides protection against several parasites, and reduces inflammation of the skin.
- Olive oil prevents hair breakage, soothes itchy skin, minimizes frizz, adds shine to dull hair, promotes hair growth and thickness, minimizes hair loss, prevents split-ends.
- Hyaluronic acid hydrates the hair and skin, reduces frizziness, plumps the hair, revitalizes high porosity hair.

INSTRUCTIONS FOR USE: there are two ways of application of the burburPRO moisturizing mask. Can be applied directly with your hands on the coat for deep hydrating, leave it on for 3-5 minutes, rinse with abundant water.

The second way of application: diluted 1:10 (1 part of the product in 9 parts of water) has to be applied directly on the wet coat. Leave it for 3 minutes and proceed to drying and brushing. For even better result, can be used burburPRO Two-Phase conditioner 2in1.
